Program Learning Outcomes

Upon successful completion of this program, a student will:

- Be grounded in Child Development knowledge (theory) and use their understanding of young children and their needs to create environments that are healthy, respectful, supportive, and challenging for each child.
- Understand that successful programs depend upon partnerships with children's families and communities. They use this understanding to create respectful, reciprocal relationships that support and empower families and to involve all families in their children's development and learning.
